

L^{AND} L FARM

**Fourth Annual Production Sale
And Herd Reduction**

**Thursday, October 27, 1955
DOTHAN, ALABAMA**

These deep bodied heifers sold in the 1953 L and L sale. The cattle at L and L are raised in an outdoor practical manner. This year cattlemen will have an opportunity not only to buy yearlings like these, but many of the L and L brood cows that produce them.

L & L Farms

BIGGEST AUCTION SALE

They're Moving Ahead Their 1956 Sale To This Fall and Adding a Grand Group of Cows To Bring the Herd Down to Present Pasture Capacity.

105 HEAD SELL

**18 Bulls — 31 Bred and Open Heifers — 24 Dry Cows
17 Cows with Calves at Foot**

Left, C. K. Tomson, former secretary of the American Shorthorn Breeders' Association and, right, J. L. Adams, L & L farms, President of the American Polled Shorthorn Society.

When the L and L herd was founded we owned a large farm north of Dothan and a small farm south of town. Early in 1954 we acquired a large farm south of town. When a good opportunity came along to sell the farm north of town, it seemed to be the thing to do to solve a number of our problems of cattle movement between farms. Possession on this farm must be given soon after this sale.

This left us with quite a problem. Our pasture program at the new farm is not ready to handle the cow herd at its present size. In addition we have the 50 yearlings and two year olds that were originally scheduled for our annual sale, January, 1956.

Therefore, we decided to move the January sale ahead to October and add to this about fifty top producing cows. We have made it a practice, since the start of our L and L sales, to sell cattle as good as the ones we kept for ourselves. This sale is no exception.

Many people have told us that our yearlings and two year olds slated for the 1956 sale were the best we had ever offered. Now, in addition you can buy the cows responsible for producing our sale offerings each year . . . many of which have calves at foot, and nearly all of the others well along in calf.

We will make no attempt to fit the cows. They will be handled right up until sale time with the rest of the cow herd, and will be offered in an "off the grass" condition similar to the cows in your own pasture.

The younger cattle in the sale, particularly the bulls, have been handled this year on grass, and while they are not "show-fat" they are hardened and ready to do the job. The exceptions to this would be a small group fitted with the idea of showing at the International. We would like to retain the privilege of showing a number of the sale animals, but these announcements will be made at the sale.

When this sale is completed, there will still be well over 100 head of registered Shorthorns and Polled Shorthorns at L and L. We intend to go forward with our program with the same energy, enthusiasm and breed improvement that people have come to expect from L and L.

As far as our annual sale is concerned, the 1956 sale is being held this fall, and we will be ready for our fifth annual sale in 1957.

We wish to express our appreciation to all those who have attended our sales in the past and extend a hearty invitation for you to be with us for the sale on October 27.

JIM ADAMS
L and L Farms

General Sale Information

Location . . . L and L Farms, Dothan, Alabama. The same farm where our previous sales have been held. From the courthouse travel northwest approximately four miles on U S 231. A large sign will be located on the highway to show you where to turn off. The farm is one mile west of the highway. Dothan is in almost the exact center of the Southeast's expanding cattle area. It is 115 miles from Montgomery, Alabama; 185 miles from Atlanta, Georgia; and 265 miles from Ocala, Florida.

Time . . . The sale will be held Thursday, October 27, 1955 starting at 12 noon, C.S.T.

Guarantee . . . All cattle in this sale will be sold under the standard guarantee of the American Shorthorn Breeders' Association printed elsewhere in the catalog. Certificates of registry and transfer will be furnished with each lot. Applications for registry will be furnished with each unborn calf.

Transportation . . . Good truckers are available at Dothan, but we will be happy to care for your cattle until you make arrangements with truckers near your home, if you so desire. All cattle are the risk and property of the new owners as soon as bid off, but we will do everything to help you get them home.

Health . . . The L and L herd is federally accredited for Bangs and T.B. All the cattle in this sale will be tested for T.B. and Bangs within 30 days of the sale. All L and L animals will be vaccinated for Lepto Spirosis. Official calfhood vaccination for Bangs of heifers is practiced at L and L. Bangs accreditation No. 97, T.B. No. 464186.

Breeding Dates . . . A list of breeding dates on all the females will be distributed on sale day.

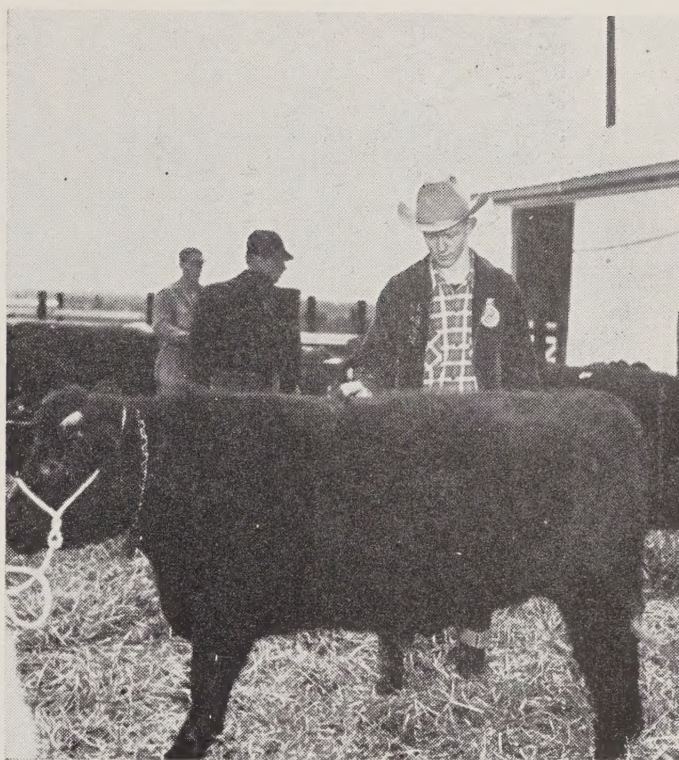

Headquarters . . . Sale headquarters will be the Houston Hotel, Dothan. An excellent motel, The Hillcrest, is located on 231, near the farm and just outside the city limits. We will be happy to arrange accommodations at either place. Please notify us in advance.

Liability . . . The above guarantee and terms shall constitute a contract between the buyer and seller of each lot. L & L Farms or other sale contributors will not be responsible for accidents. Accidents at cattle sales are rare, but every person must assume the risk of accident to himself. The clerk, auctioneers and sale manager were hired by the consignors for specific tasks, promotional and clerical, and have no connection with the handling of the cattle or the condition of the premises.

Mail Bids . . . Those unable to attend the sale may send their bids to any of the auctioneers or representatives listed on page 7.

Terms . . . The terms of the sale are cash unless previous arrangements are made with the owner. Settlements are to be made with the clerk immediately following the sale.

Announcements from the Auction Block supersede information in the catalog.

Ben Arnold Griffin brushing up a sale heifer prior to a previous L and L sale.

This group of heifers sold in the third annual L and L sale, January, 1955.

Some Interesting Facts About The L & L Sales . . .

Sixty-one percent of the buyers at the 1955 L and L sale had purchased from L and L previously. Fifty-four percent of the buyers at the 1954 L and L sale had purchased from L and L previously. There is a reason for such a high percentage of repeat buyers.

* * *

Top cattlemen from twelve states and Canada have purchased in previous L and L sales.

* * *

Some entire strong herds have been based solely on purchases made at the L and L sale. A number of local bull buyers are now on their third generation of use of L and L bulls.

* * *

The 1953 and 1954 L and L sales were the top sales of any beef breed held in Alabama those years. The 1953 and 1954 L and L sales were each the third top Polled Shorthorn sales of their respective years being topped only by Oakwood and the International sale.

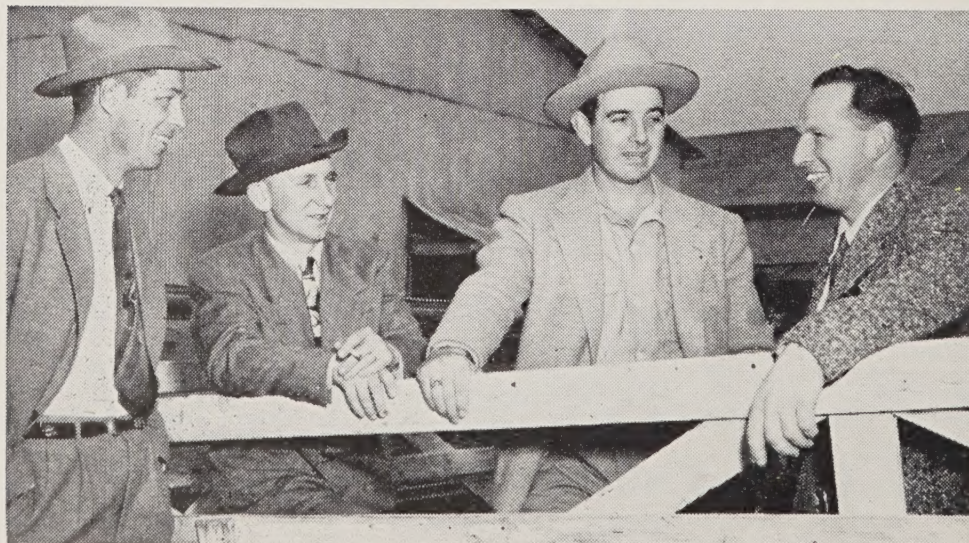

The L and L herd is one of the Polled Shorthorn herds making the strongest use of Shorthorn blood from Scotland. The bull Naemoor Saracen is a typical outstanding stock bull from the old country. We urge you to look him over carefully.

* * *

While we feel that this combination of a fourth production sale and a herd reduction offers the best buys we have ever had, we are not shooting for or do not anticipate a big average . . . because of the number of cattle offered and their "off grass" flesh condition. We're having a "cow sale". You will find, as others have, that there is very little difference in the investment necessary to purchase a good L and L female or bull than an ordinary animal.

* * *

The 1955 L and L sale averaged \$451 on 73 lots. 29 animals sold above the sale average . . . 44 sold below it. Yet, only nine animals sold below \$300. This sale was recognized as one of the good, steady healthy sales of the year.

The breeding program at L and L has attracted cattlemen from all over the world. Here are four that were present at the 1954 sale. Left to right, Harold Thieman, Concordia, Missouri, President of the American Shorthorn Breeders' Association, Chuck Leemon, Hoopston, Illinois; Charles South, Franklin, Ohio and Reford Gardhouse, Milton, Ontario, Canada. South and Gardhouse were buyers that year.

Here's What A Polled Shorthorn Bull Will Do On Grade Santa Gertrudis Cows . . .

The picture above tells a typical story of beef cattle improvement in the Southeast through the use of Shorthorn and Polled Shorthorn bulls. It is the reason why so many cattlemen everywhere are turning to Shorthorns . . . traditionally the world's greatest improver and the best beef bull for cross-breeding.

Shown are a group of 1955 heifer calves raised at the Thomasville, Georgia ranch of Frank Forester. The Forester ranch was founded in 1952 with 30 grade Santa Gertrudis cows, some of which are shown in the background. At the 1953 L and L sale, Mr. Forester purchased L L Leader's Watchword for \$650. The herd has now multiplied to 100 head.

Notice the difference in these 1955 heifer calves and their mothers in the background. They are all sired by L L Leader's Watchword. Observe their depth, quality, smoothness, and growth for heifer calves handled on grass.

Practical illustrations like this make us more proud than winning a grand championship.

GUARANTEE

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs disease of the state or county into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

Special Guarantee—In addition to the above guarantee all cattle sold in this sale carry this additional guarantee which affects item three above. "All heifers sold as separate lots, regardless of whether or not they have reached 14 months of age are guaranteed to be breeders."

ATTEND THE SOUTHEASTERN REGIONAL SALE

Making a total of over 160 head to be sold in two days. The management will assist buyers in combining purchases between the two sales.

We wish to take this opportunity to express our appreciation to the extension workers, animal husbandry department at Auburn, and the various fieldmen who have been so generous with their help and guidance. These men work hard to help the livestock industry and, too often, their hard work is taken for granted.

We would also like to express our appreciation of the hard work capable handling of our cattle by Paul Bolden, L and L herdsman who has been with us since 1950. Paul is shown at the halter with the heifer shown above. Also in this picture are left to right, James McLean, Black Belt Farms, Snowdown, Alabama; W. W. "Mutt" Gregory, extension department, Auburn; Bob Godwin and Larry Laird, Winwood Farms, Brundidge, Alabama; Homer Reynolds, Toney, Alabama, Dr. Keith Gregory, formerly of Auburn; and Allan C. Atlason, executive-secretary, American Shorthorn Breeders' Association. The heifer shown is Bowhill Ruby 87 F purchased in our 1954 sale by Foxdale Farm, Duluth, Georgia.

We paid \$7000 for Oakwood Conquest x, the top price for any Polled Short-horn bull sold at auction in 1953, because we believed he was the best prospect for a breeding bull that could be purchased anywhere. Because he was being shown by Oakwood he did not go into service at L and L until December of that year. His first calves are now old enough so that we plan to show a junior get by him at the 1955 International. We believe you will agree they are the quality and type every breeder is striving for. They are all the same pattern . . . with ruggedness, depth, weight for age, blended with the right conformation. He's one of those rare items . . . a breeding bull!

His pedigree needs no comment. He is a son of Commander-in-Chief x, one of the greatest Polled sires of all time. His dam produced three other outstanding herd bulls. . . Oakwood Bardolier x, top selling bull of the 1949 Oakwood sale that sold to South Africa; Oakwood Bequest x, grand champion at the 1950 Illinois, Ohio, West Virginia, and Maryland State Fairs, that died after leaving one calf crop; and Oakwood Request x, used at Oakwood and now heading the Fred Smalstig, Pittsburgh, Pennsylvania herd.

We are selling an out-standing calf at foot by him and a large number of females bred to him.

Those who saw Naemoor Saracen at our last sale liked him, but they will find him looking entirely different today. At the time of our last sale he had been here only a short time. Although he has been running with the cows all year, he has matured wonderfully and has put on a lot of weight. He has that "Scotland Stock Bull Look." Best of all, we have enough of his calves now to know that he is going to be the breeding bull we had hoped for when we went 5000 miles to get him. He is bred similarly to bulls that head three of the nation's greatest herds. Dungarthill Baronet, that heads the great Wheatland herd in Washington is also by Calrossie Baronet out of a Cruggleton Prince Bob dam. His first calves were brought out at Portland where they nearly swept the show. Scotsdale Drummer, heading the John Turner herd in Virginia is by Calrossie Baronet out of a Cruggleton Prince Bob dam. His first two calves brought \$3100 and \$1475 at the Hi-Ho-Willomor sale. The dam of the \$7500 Louada Consort that heads the W. C. Anderson herd in Iowa is a full sister in blood to Naemoor Saracen. There is every reason to believe, from his individuality and breeding Naemoor Saracen that he will be a great sire.

There are six calves at foot by him and a number of females bred to him.

A bull that is receiving more deserved recognition as a sire each year. He is a big factor in our herd bull battery. He was the grand champion of the 1949 Southeastern Regional and we re-acquired him a couple of years ago. In our January sale we sold a number of his sons and daughters and they were among the very tops. His sire was one of the greatest breeding sons of the International grand champion, Oakwood Merry King x. Through his dam we have the influence of one of the best breeding females ever imported from Scotland. She was one of the few daughters of Calrossie Reward ever to leave Scotland. Our program will be to mate his daughters to Naemoor Saracen and Oakwood Conquest x. Seven calves by him sell at foot as well as many females bred to him.

Scene at a former L and L sale on sale day morning. The cattle are all stalled outside in paddocks and grassy lots. Come early so you can see the herd.

The Biggest Single Sale From One Herd The Breed Has Ever Held In The Southeast

The first 49 lots are the animals we had selected for the Fourth Annual L and L Sale. We believe they in themselves would have made up the best sale offering in our history.

Starting on page 47 are the animals we consider in the "Herd Reduction" group. A total of 105 head in the entire sale. Although we have cataloged these in two sections, they all sell as one big offering starting
at

12 NOON C. S. T.

Because of the number of head. Lunch will be available on the grounds from 11:00 a.m. on.

L L Chief King—This is probably the best bull calf we have ever raised. His dam, a daughter of Commander-In-Chief, is classed as one of our top cows. She has produced 3 calves. The first one was bought by Oakwood Stock Farm. This is the second one and she now has a real good solid red bull calf by Cromleybank Ringsider. Lots of visitors to the farm have agreed with us that this is the best bull calf they have seen produced in the Southeast.

WF Private First Class—This bull is owned by Kennth E. West, Dothan, Ala., and is consigned by him. The sire of this bull is a son of Oakwood Conqueror out of a daughter of the International Champion, Oakwood Emperor. The next calf out of this bull's dam is a full sister and is one of the best young heifer calves we've ever seen. We have three females selling bred to the sire of this bull and a few of our cows. The list of bulls in the 3rd generation of this pedigree is as good a list as you could find anywhere. He is a good solid red bull and should make a top breeding bull.

Royal Essender—Sired by our former herd bull the big rugged Oakwood Reliance son of Gosshall Ximenes. Out of the Teegardin Rosewood family and tracing to the International Champion Oakwood Royal King. The dam of this bull is a daughter of Homer Reynolds' Oakwood Essender. We bought her in the Southeastern sale the spring of 1950. She is from one of Homer's best producing families. This is a good bull calf and when he was young we had him marked for a future herd bull.

L L Juliana Jilt—This is the best horned female we have ever produced. Not only is she a good individual, but she is sired by Edellyn Royal Leader 83d, sire of Ohio's Leader 2nd, grand champion steer over all breeds, 1953 International, and out of a daughter of Drynie Wonder, sire of the second prize get at the 1954 International. The dam of this heifer is a granddaughter of the famous imported Juliana cow at Willow Lee Farms. When you go to Willow Lee and see their herd of cattle, this old imported cow and all of her descendants, you will see the best looking Shorthorns anywhere in the United States. The dam of this heifer now has a good bull calf by Factor's Reward which we have marked for future herd service. When I told Paul Teegardin about this heifer on the phone, he wanted to know how I got her dam, saying that breeders just don't sell females from this family. This heifer is the same caliber, except a little better, we think, as the heifer Acadia bought in our 1953 sale for \$2500.00. **She sells bred to Oakwood Conquest.**

Viking 4th. Grand champion bull, 1953 International Livestock Show. Purchased for \$10,000 by Far Reach Ranch, Mt. Dora, Florida. Lots 21 and 22 carry his valuable service.

Lot 21

Oakwood Conquest - Oakwood Bequest - Oakwood Request—All Out of the Same Cow

**This Is the Only Sale in Which You Can Buy
the Blood of All Three**

Oakwood Bequest x, many times a grand champion. He is out of the same dam as Oakwood Conquest x.

Oakwood Request x, also out of the same dam as Oakwood Conquest x. Heads the Fred Smalstig herd in Pennsylvania.

Four great bulls out of the same cow. Oakwood Conquest, Oakwood Bequest, and Oakwood Bardolier (sold to South Africa at the top price of the 1949 Oakwood sale).

In this sale you can buy the blood of THREE of these great maternal brothers. Oakwood Conquest x is the L and L herd sire. We used Oakwood Request x on lease and are selling one son and three daughters. Oakwood Bequest, is dead, but six beautiful daughters of his son Oakwood Royal Bequest sell in this sale. See lots 26, 29, 30, 35, 36, 37, 38, 39, 40.

What L and L Means To The Breed In The South

Left, air view of the main buildings at L and L on sale day. The annual L and L sales are focal points for breed enthusiasm in the Southeast.

L and L Farms has demonstrated something about our breed that I have known for a long time. That is, wherever good Shorthorns and Polled Shorthorns are offered for sale, regardless of how few there are in the area, they will always be well received by cattlemen. The basic reason for this is that most cattlemen everywhere realize what a Shorthorn bull can do to put weight for age and faster gains in their cattle.

L and L has taken this basic cattleman's desire, added energy, enthusiasm, promotion, plus making good Shorthorns and Polled Shorthorns available, and has spread the breed's influence over a wide virgin area. Five years ago there were practically no Shorthorns in the Dothan area . . . there now when people think of beef cattle, they think of Shorthorns.

L and L was the first herd in the Southeast to establish a regular production sale. The interest of hundreds of cattlemen has been aroused by this event.

L and L was the first herd in the Southeast to prove purebred quality could be raised as good here as anywhere, and if the right kind were offered people would travel to the Southeast from a dozen states and Canada to buy them.

I don't mean to take away any glory from the many other fine herds in the Southeast that are now getting the same kind of a job done, but I do think we all owe a lot to Jim Adams for getting the ball rolling.

Evidently a lot of the other people feel as I do, because at the last Polled Shorthorn Congress, Jim Adams was elected president of the American Polled Shorthorn Society.

Simply because it is necessary to reduce the herd somewhat at this time, this should not be considered by anyone to be any slackening of effort in the L and L program. The natural multiplication of any herd after a period of years makes such moves often necessary. The L and L is in a better position to sell this number at this time than they were in selling half this number several years ago. Miss Emily Krahn of The American Shorthorn Breeders' Association tells me that in the first eight months of 1955 L and L has recorded eighty calves . . . and this will certainly make it a simple matter to provide another outstanding sale offering for the fifth annual sale a year or so from now.

DON LONGLEY
The Shorthorn World

Below, field day held at L and L Farms in July, 1954. A large crowd from six states was on hand.

L L Augusta Margaret—Sired by the James McLean good breeding bull Klaymor Nestor whose get won everything at Ocala in 1953. This heifer is a half sister to the top selling bull in our 1954 sale that went to Ernest Hinson, Alto, Georgia, for \$1,650.00. This heifer is out of the imported Augusta Margaret family that has done so well for the Butlands in the Marellbar sale. In fact, a full sister of this dam sold for \$2,000.00 in the Marellbar sale to Hi-Ho Farm. A good daughter of this heifer went to J. K. Ware, Mississippi, in our 1955 sale. Sells open.

	Red Empress 103d 2414168 Red, Chenault Todd	
	Red Empress 60th 2044502 Roan, Chenault Todd	

Red Empress 141st—Sired by Cluny Merry Monarch the imported bull of Chenault Todd, Fayette, Missouri, which makes her a half sister to the bull owned jointly by the Alabama Polytechnic Institute and James McLean, Snowdown, Alabama. The group of cattle at Alabama Polytechnic Institute are very closely related to this heifer and have done as well as any Shorthorn herd in the Southeast to demonstrate our breed's superior feeding ability. Sells bred to Oakwood Hostage son of Oakwood Conqueror.

THE CALVES AT FOOT

There are six calves at foot by Naemoor Saracen, seven by Factor's Reward x, and one by Oakwood Conquest x. If you forget the time element, these youngsters selling with their dams are probably the most valuable breeding animals we have ever offered. With one or two possible exceptions, they will all be sold with their dams.

Left, calves at E. C. Moody Farms out of cows purchased at L and L Farms. The first group purchased by Moody cost \$1950. He sold the calves fourteen months later for \$1650. By the time he had sold the first calves the cows had all calved again.

The L and L Herd Reduction

Lots 50 through 90 are what we consider the L and L Herd Reduction part of this sale. These cows will be sold in "off grass" condition. They will be handled like the breeding cows that will stay here, without special care or fitting for this event.

Don't come to this sale expecting to see a group of cows in show condition. They have been good producers in their working clothes and we intend to keep them that way for their new owners.

We are selling cows as good as the ones we are keeping. This is no culling operation. We want a sale we can be proud of and are offering the kind that can do it. You will notice that nearly all are dams of prominent sale cattle in former years. In most cases, we have kept daughters.

If you can tell a good one in its working clothes you can really do a job for yourself.

We consider the calves at foot and the calves these cows are carrying to be the best potential breeding animals we have ever offered for sale.

The pedigrees of the calves at foot are printed below their mothers. We have done this for two reasons. First, we are very proud of the pedigrees of these calves. Secondly, we think you can better appreciate the calves when you see the entire pedigree.

Although the pedigrees of the calves are printed, with one or two possible exceptions, the calves will all sell with their dams as one lot.

Brawith Countess—This cow is considered by many people to be the best cow in our herd. She **has at side a solid red heifer calf by Oakwood Conquest** who is without a doubt the best Conquest calf produced. This cow was bought in the 1950 Southeastern Regional at Montgomery where she was Reserve Champion female. She produced a bull calf which was used in the good herd of Jack Hooker, Plant City, Florida. We had no intention of selling this cow but so many people were interested in her and we did not want our customers to think we were keeping all the best cows. So, we decided to put her in the sale. This calf with the proper care could make it tough on everybody at the 1956 International. Re-bred to Oakwood Conquest.

Oakwood Happiness 14th—A daughter of Oakwood Leader out of a dam by the International Champion Oakwood Emperor. We hate to sell good cows and heifers like we are selling, particularly daughters of such famous bulls as Oakwood Leader and Commander-in-Chief, but having sold one farm, there is nothing left for us to do. This cow has been one of our better producers. We sold a heifer out of her to Bob Godwin's Winwood Farms and one of the best bulls sold in 1955 sale that went to R. L. Price, Graceville, Florida, was out of this cow. All the calves of this cow have been tops. She is from the Oakwood Happiness family that is the top producing family at Oakwood. **Sells with a dark roan heifer calf by Factor's Reward and rebred to Oakwood Conquest.**

Oakland Mina—We had two Maxwalton Watchword cows both of which had twin calves by Oakwood Request this year. We decided that since we have many people who appreciate these cow-and-calf lots that we would sell both of these outfits. This cow has twin bull calves by Oakwood Request. She has had five calves between March 8, 1951 and July 17, 1954, and is rebred to Oakwood Conquest.

Snapshot of the grand champion steer at the Southeastern Fat Stock Show, Ocala, exhibited by Craig Griffin. This steer was out of Lot 69.

Oakland Beauty 2D—This is one of our best Maxwalton Watchword cows out of another granddaughter of Scottish Peer. This cow produced a steer that was Champion at Ocala Fat Stock Show for Ben Arnold Griffin, and also produced a heifer that is in the Jack Pate herd and several other good calves. Sells bred to Oakwood Conquest.

L L Grenade's Clara. Purchased by Craig Griffin, above, from L and L Farms and later shown by him to the grand championship of the 1954 Florida State Fair. Lot 70 is the dam of L L Grenade's Clara.

Thistle Ha' Fair Lavender—Another Hugh John Miller cow by the Saltoun Workman bull. Many people have said this cow is the best confirmation cow we have. She was Reserve Grand Champion female for us at the Florida State Fair in 1952. We sold a bull out of her to the Ichuaway Plantation and she has a daughter selling in the sale. Sells bred to Oakwood Conquest. We can't keep but a certain number of cows and that is the reason we are selling a good many of our top producers. We are trying to be fair with the public in dividing our herd in half.
